Things can be improved more

Teacher are more cooperative with students

Carrer counsellings should be conduct even beyond the area of subject.

@2 personality development courses should be conduct in campus effectively.

@3. Societies regarding cultural and social development should be well established in the campus. And these groups must be active.

@4.College should publish monthly magazine to increase interest and maintain enthusiasm among students for there societies value.

1. Washroom are need to renovate.
2. There is not proper water service on each floor of college.
3. Not any educational tour or trip held by college.

Assessment should be fair and make toilet clean

That college was average. Not that much bad and not that much good. There were many kinds of teachers, some are dedicated and some are not dedicated.

My experience was average there , but I want some more and good facilities so that farther students can take advantage and get good and effective education.

Jis subject ka jo teacher hota hai use vo subject nahi diya jata.

There is some things for change. For instance

1. College campus is not disciplined.
2. Library is not peaceful and noiseless and 1 fan is not working .
3. Washrooms are not cleaned properly and water system is not working properly.

And there is some other disadvantages in college campus.

We need to work on these things. After it we can make our college campus better.

Thank you

Commerce Department should arrange tour in the banks for helpful to students. So that students can learn practically easily.

Sports activities are not circulated in complete college.
